PROFESSIONAL SUMMARY

Fourth-year Bachelor of Science in Information Technology student at De La Salle Lipa with hands-on experience in web development, image recognition, and text similarity matching through academic projects and collaborative website development. Developed BATRACEKO, a lost-and-found web application for BATRASCO Public that integrates Google Cloud Vision API for image recognition and the Sørensen–Dice coefficient for matching lost and found item descriptions. Also contributed to the design and development of the Unix Guild Play to Earn website, supporting aspiring Axie Infinity scholars.

Seeking an IT internship to apply technical, analytical, and problem-solving skills, contribute to real-world software development projects, and gain practical experience in a professional and collaborative team environment.

EDUCATION

Bachelor of Science in Information Technology [— System Development] *[2023] – [2027]*
[De La Salle Lipa], [Lipa City, Philippines]

Relevant Coursework: [Database Systems, Web Development, Systems Integration & Architecture, Networking, Information Assurance & Security]

De La Salle Lipa (STEM STRAND)— Senior High School *[2021] – [2023]*
[De La Salle Lipa], [Lipa City, Philippines]

Holy Trinity School of Padre Garcia Mataasnakahoy Branch (Elementary)— *[2008] – [2016]*
[Holy Trinity School], [Mataasnakahoy]

TECHNICAL SKILLS

Programming: [Python, Java, JavaScript, PHP, C#]
Web & Frameworks: [HTML/CSS, React, Node.js, Typescript]
Databases: [MySQL, PostgreSQL, MongoDB]
Tools & Platforms: [Git/GitHub,
Professional: [Agile/Scrum, (System Architectur0065)technical documentation, teamwork, problem-solving, communication]

PROJECTS

[BATRACEKO: Developing an Image Recognition using Google Vision API and Text Matching using Sorensen-Dice Coefficient Lost & Found Web Application for BATRASCO Public] — **[UI/UX** *[2025-2026]*

- Developed a lost-and-found web application featuring image recognition using Google Cloud Vision API to help identify lost items.
- Implemented text similarity matching using the Sørensen–Dice coefficient to compare item descriptions and identify potential matches between lost and found reports.
- Designed the system to facilitate item recovery by helping users search for and match lost belongings with reported found items.

[Unix Team Website Developer] — [Team Member] *[2022]*

- Collaborated with team members to design and develop a website for Unix Guild Play to Earn using [technologies used]; supported aspiring Axie Infinity scholars by providing accessible guild and scholarship information.

EXPERIENCE (INTERNSHIP / PART-TIME / FREELANCE)

[Team Leader], [Unix Guild] *[Oct] – [2021-2022]*

- Managed Axie Infinity scholarship-related activities and assisted scholars with QR code access.

- Communicated and coordinated with guild members through Discord and Sky Mavis platforms.

[Sentinels Marshall], [YGG PH,] *[March] – [2026*

- Monitored and verified attendance at meetings and community activities.
- Utilized Discord, Google Meet, and Zoom to coordinate meetings and communicate with members.

[Unix Promoter], [Unix Guild] *[Oct] – [2022*

- Promoted Unix Guild across social media platforms to increase community awareness and engagement..
- [Utilized Facebook, X (Twitter), Instagram, and TikTok to share guild-related updates and content.]

[Unix Team Website Developer], [Unix Guild] *[Aug] – [2022-2023*

- Collaborated with team members to design and develop a website for Unix Guild, a play-to-earn gaming guild supporting aspiring Axie Infinity scholars.
- Contributed to the website's design and development to provide accessible information about scholarship opportunities and guild activities.
- Helped establish an online platform to connect aspiring scholars with the guild and support its community.

LEADERSHIP & ACTIVITIES

[Member], [Junior Philippine Computer Society / Member/ *[2023] – [Present]*

- Provided support in planning and managing society events and student activities.
- Facilitated team coordination and oversaw event execution, ensuring timely and efficient completion of tasks.

CERTIFICATIONS & TRAINING

HTML Essentials /Cisco Network Academy *[September 2026]*
CSS Essentials /Cisco Network Academy *[September 2026]*
